Dear Mrs. Richards,

Kind and thoughtful letters likes yours mean much to us for we are not yet out of the financial woods. After a similar beginning with WHITEWASH II (note enclosed) we decided to go ahead with that as a private rpinting. You express the reasons we felt this necessary.

I hope that in due time there will be normal publisher interest in it and in WHITEWASH III, which is not slightly behind schedule. I am continuing my researches and have much material not indicated in WHITEWASH II. most of it not known to have existed.

Again, many thanks for taking the time to write and for your appreciated kind expressions.

Sincerely,

Harold Weisberg
